Celebrate UCF Diversity Week here at the COM!

10/18: BYOL Lunch and Learn Series -

TED Talks on Diversity and Inclusion

12pm - 1pm

Room 211

## 5 MINUTE HEALTH TIP

### Get Your Flu Shot!

- While getting a flu shot doesn't guarantee that you won't get the flu, vaccinations can lessen the severity of illness if you do get sick.

- Getting vaccinated can protect others around you, including those more susceptible to the flu like babies, young children, older adults, and people with certain chronic health issues.

- The CDC recommends that people get a flu vaccine by the end of October, before flu season gets in full swing.

## Our Latest Traveling Exhibit is Here!

The library welcomes its newest traveling exhibit from the National Library of Medicine, *For All the People: A Century of Citizen Action in Health Care Reform*. This exhibit describes how, for over 100 years, ordinary American citizens have helped shape the health care system in this country, from early activist citizens fighting to end hospital discrimination, to the Civil Rights movement and the creation of Medicare and Medicaid, to the Affordable Care Act of 2010. We encourage you to stop by the library atrium between now and November 3, 2018 to explore the exhibit!

The health sciences library invites you to attend a reception for *For All the People* on **Tuesday, October 9, 2018 from 2:30-3:30pm** in the COM 2nd floor atrium in front of the library. Light refreshments will be served.

## Leftover Halloween Candy?

### Donate it to the library!

Enjoy the candy jar at the front desk? Help us keep our candy stock healthy! We happily accept candy donations all throughout the year. Every little bit helps!
